Too Good To Be True

VÖ 05.06.2015

Catalog No CD 15-0090 / EAN 4260020651040

features 13 finely crafted pop/rock songs written by the band’s leader. Performed by outstanding musicians and mixed and mastered by industry-recognized producer/engineer René Schostak, the songs are memorable at first listening while being musically and lyrically interesting enough to make them enjoyable again and again. Thomas Hoppe’s bass lines are just right while his vocal harmonies are vital to the band’s sound. Dirk Morning on drums delivers rock solid grooves that display complete understanding of the music. Sharing lead and backing vocals is the dynamic, soulful Silvia Christoph. René Schostak is in charge of electric guitars and has plenty of room here to show what he can do. Rounding out the group is Los Angeles rock scene veteran Wayne Grajeda on vocals and acoustic guitars. All in all “Too Good To Be True” is pop/rock music in the best sense of the term and a great addition to any fan’s collection.
